Project Management, Web Development,  
Graphics and Design, Media, Communications,  
Journalism , Marketing, Business Development

Amnick is a Social Enterprise based in London. We are a management consultancy specialising in Business Transformation, Change Management, Transportation, work experience for Graduates and also delivering social projects.

Over the last year we have offered our flexible work experience programme to over 4,000 graduates across UK and the world studying at universities across Australia, Europe, India, Africa and USA.

We have two free work experience programmes both delivered electronically via skype/and electronic media. And as such you can gain vital work experience as you study, from your own space and at times convenient to you and your studies.....**or in person from our London office.**

We offer all students one month work experience at approx. 10 hours a week (flexible with studies), and those who show a real can do attitude, will by invitation be offered a further 3months. A certificate of work experience will be issued to those who complete the one month, and full references and job title offered those completing the 3 months.

Please request an info pack and send your CV [info@amnick.com](mailto:info@amnick.com) also visit [www.amnick.com](http://www.amnick.com)
